

Appl. No. 10/559,737  
Response Dated June 30, 2009  
Reply to Office Communication of June 2, 2009

Attorney Docket No. 89227.0011  
Customer No.: 26021

## REMARKS

Minor changes are made to the specification to correct typographical errors in the specification. Specifically, the term "glycidyl methacrylate" at para. [200] of US 2006/0142542 (the printed publication corresponding to this application) appears as a single word term "glycidylmethacrylate" at para. [108]. The use of the single word is a typographical error. Analogous changes to other species in para. [108] have been made. No new matter has been added. Examination and consideration of the application, as amended, are respectfully requested.

### Response to the Restriction Requirement:

In response to the Office Communication dated June 2, 2009, Applicants elect the single epoxy compound glycidyl methacrylate in example 1 (paragraph 108 of U.S. Pub. No. 2006/0142542 A1), without traverse.

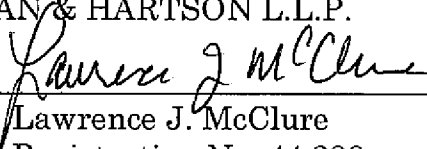

If there are any fees due in connection with the filing of this response, please charge the fees to our Deposit Account No. 50-1314.

Respectfully submitted,

HOGAN & HARTSON L.L.P.

Date: June 30, 2009
